## PrismHR Hiring Frequently Asked Questions

PrismHR Hiring streamlines the recruiting process, enabling your clients to more efficiently find and hire top talent. The technology provides a more structured approach to hiring by enabling collaborative hiring, process automation, and compliance management.

We're here to help ensure your clients are successful with their recruiting through PrismHR Hiring. By helping your clients grow their teams, you'll remain competitive, increase your value, and add new revenue for your business.

### Frequently Asked Questions

#### What is PrismHR Hiring?

PrismHR Hiring powered by HiringThing is an integrated applicant tracking system (ATS) designed to help SMBs attract, manage, and hire top talent.

#### How does my client access PrismHR Hiring?

Login through the PrismHR dashboard. In the menu, navigate to HR > Hiring (under HR | Action).

#### How does the billing work?

Our Per Job Per Month billing model is simple and straight-forward. Pricing is based on monthly active job counts across all accounts. Accounts with zero active jobs do not incur fees, ensuring you only pay for active jobs.

#### What if my client needs product support?

PrismHR Hiring customer success representatives offer premium support to your clients via support ticket and chat. Rest easy knowing you don't have to be a product expert.
